About Me

My name is Amir Goodarzi, born in December 1982, Iran, and Last Job position is: "Chief Technical Officer" (CTO) at SookhteJet.com. I started programming from 1999 and until 2018, I held many

training courses for individuals, private companies, organizations and large bodies. My professional career started in 2006 with the Sepahan Oil Short Message Project of Isfahan and currently, my entire focus is on developing personal skills, developing leadership abilities and implementing digital marketing projects for companies and organizations. Currently, my main activities are: 1. Management of technical teams, programming, software development and digital marketing 2. Managing, implementing and optimizing advertising campaigns with Google Ads, ... 3. Analyzing the existing situation of organizations and designing "action plan" based on "SOSTAC" methodology. 4. WP and WOO Development Experience. 5. HTML and CSS, PHP & MySQL Experience.
